

AGRICANTO

Our specific intent was to create an elixir based on wine, one that could truly express refined elegance. To that end, we started a long and exhaustive search, first among ancient monastic recipes, and later among officinal plants and rare essences.

After careful tasting, we finally succeeded in finding a perfect balance between the strength and generosity of the Raboso wine, the delicate scent of ripe cherries and the intense aroma of the rarest spices.

Agricanto is an inviting liqueur, characterized by an intense ruby red color and rich aroma. It is delicate and seductive, seeking out very senses and enlivening them.

Agricanto should be consumed ice cold.

Alcohol content: 25% by Volume.
