Amore per la natura, Arte del vino.

ALBA ANTICA

It is a new, precious marc grappa aged for 18 months in noble wood. This aged grappa, with a fascinating amber colour, is obtained with marc distilled with the “discontinuous” system, using precious copper stills.

It ages in barrels of different woods that enrich the bouquet with vanilla and floral scents.

Its taste is supple and harmonious, it is the ideal conclusion of every convivial gathering.
