MALBECH

IN VINEYARD

Wine & Art is a fine wine, obtained from Malbec in purity. The grapes are harvested by hand, maceration lasts from 10 to 13 days.

IN CELLAR

After fermentation and decanting the wine is placed in oak barrels for 12 months, and refines for another six months in carats Allier oak. It follows bottling a long rest period.

IN TASTING

Deep ruby red wine, acquires garnet reflections after long aging. The nose is enveloping for the typical fruity notes present in the Malbec, which evolves over time in an elegant bouquet with hints of spice and tobacco. The taste is dry, full-bodied, and enchanting for its softness.

PLUS

The Wine & Art Collection is proposed with the label designed exclusively for our company by the famous artist Giorgio Celiberti and later minted in silver. The heart is the element of the strong evocative and symbolic value that characterizes the work carried out for us by the master.

PAIRINGS

It is perfect with red meat roast, game and long-ripening cheeses.
